DAYS AND COUNTING...

No Time for jazzy photos this go around...there are things to pack and words to communicate sooner than later! I hope this finds you building the effigy, finishing your glammy glam, testing your blinkys and checking supplies off your lists!

Next Sunday...the Post Apocalyptic Prom Special Edition!
Until then...
~Phlaymeeeehhh!

SHARING IS CARING!

Well, we are getting close folks! Since we have people coming from out of town I have set up a ride share board. You know we're only going for 4 days, right? You don't need to take all of that stuff with you. Pick up someone from the airport and show them some Texan hospitality!

<http://www.burningflipside.com/wiki/Rideshare>

Because the best flights don't always come in on Thursday and leave on Monday these out of town folks may need a couch to stay on. Help out someone and let them stay there.

If you have any questions or need help with the wiki or need help coordinating the out of townness please contact: regionalloutreach10@burningflipside.com

GETTING THERE THE RIGHT WAY

FOLLOW DIRECTIONS TO FLIPSIDE

But, just in case you need it spelled out for you...Very specific directions to Flipside have been posted for a very specific reason: **THE BRIDGE OF DEATH!** There is a ONE LANE bridge at the intersection of 428 and 908. Do not, under any circumstances, turn on 908. You will be going the wrong way! Besides, the bridge WILL NOT SUPPORT much weight and Flipside will easily exceed the maximum weight tolerance. There will be signage and likely someone directing you to avoid this route. Just follow the directions below to get there and everything will be fine.

Oh yeah... make sure your license, registration, inspection, and insurance are up to date. Both headlights are working...use your blinkers. Those kinds of tickets suck...unlike the tickets you hold in your hands (or at Will Call). Get HOME safely!

HOW TO GET THERE:

Drive to San Gabriel, TX, from wherever you're coming from. Once you're in San Gabriel, head east on FM (Farm to Market) Rd 485. At the Y Intersection where it meets County Road 428, bear right (southeast) onto CR 428. Follow 428 until you see the Flipside entrance, which will be approx 0.75 miles on the right. Drive through

the property gate and follow the road to Flipside's Gate to present your tickets and IDs, just like previous years. Also see: <http://www.burningflipside.com/directions>

GATE AT FLIPSIDE

FAST-FORWARD 8 DAYS INTO THE FUTURE...

You are all packed...everything you need. You have ample food, water and supplies...blinkies, slinkies, twinklies...TICKET, VALID ID and Survival Guide in the front seat. You've got all necessary documents handy and you followed directions noted above. You have arrived! Now what?

For many of you, it will be much the same as it is every year, but for you new folks, there will be some business to tend before you enter the Prom. Please follow these simple directions to make your brief stop at Gate a breeze:

Park your car where indicated. Everyone in your vehicle must check in and sign waivers. Each person must present a ticket, a valid ID and any other supporting documentation as it may relate to minor children. Be prepared to sign a liability waiver and a sound policy acknowledgement. Know what you are signing. You will be scanned for radiation and issued your Post-Apocalyptic Prom radiation bracelet. If you remove this bracelet, your face might melt off. One of the Gate Crew will search your vehicle for fireworks, firearms, 4-legged animals, and the stowaways. Please do not bring any of those things to Flipside. It makes Gate really sad and they have to get all "iron-fisty" and that is no fun. Gate likes having fun.

Remember that as much fun as Gate is having, they are working 24 hours a day FOR YOU. They get tired and need to rest. Please respect Gate hours.

Thursday 5/27 - Saturday 5/29: 9:00AM to Midnight

Sunday 5/30: 9:00AM - 6:00PM

If you arrive after midnight, be prepared to chill until gate opens the following day. The night crew cannot process you into the event. There are always a few people that end up having to do this, so you can make new friends while you wait until the day shift arrives.

That's pretty much it. Oh...and smile and be nice. The rules at Gate are in place to protect Flipside. They are just doing their jobs and enjoying seeing you while they are at it. That's all I am gonna say about that.

ALL THINGS GLAM

The BurninGlam Krewe is hard at work making sure that your experience at our Glammery is fun and transformative, as always. Given the very real presence of our own little Bio-hazard: Poison Ivy, we know we will be doing things a little differently this year, and we are hard at work perfecting our plan. So, heads up!

Come by Glam for a Transformed Transformation, but just like our New Land, we are gonna be different this year! We will gratefully accept donations of Non-Contaminated items to share with the Community. Think Bright, Bold, Sexy, Crazy, Lacy, Prom-y, and Silly. Nothing you would wear in the DeFault world, please. Always popular: sarongs, lingerie, hats, and props (swords, rubber snakes, spare body parts, etc), jewelry, and Big Girl/Boy sizes.

Thanks, BurninGlam

CAMPARET

Saturday (dusk til dawn)

Grampage: Senior Prom

Camparet is bringing back an old rampage from a couple of years ago... GRAMPAGE! Youth is wasted on the young. Let's party like our grandparents. Meet us for cocktails at dusk at the Bar-F Country Club dressed in your favorite elderly formal attire (white wig and all) and we'll paint Pyropolis red. Don't forget the props: walkers, coupons, Metamucil, pictures of your grandkids...

Sunday afternoon

Baptisms at the island

Brothers and sisters, after a few days in Pyropolis you may feel the need to wash those sin away! Or maybe that's just the poison ivy. Come get baptized by a Camparet reverend in the purifying waters of the San Gabriel in the name of fun. We'll lay our hands on you and make you feel divine.

FLIPIN ART HOLES

We have collected mass amounts of art supplies and will be open to anyone who wants to stop by and do some painting. Here you can find easels and lots of canvases and art paper to work with as well as tons of brushes and watercolors, acrylics and oils along...perhaps even a few hidden toys and surprises. Any art made in our camp can be kept or attached to the back of our art instillation to be burned in effigy.

Our night tent will be a black light tent with UV body paints and adult situations. This is a smaller tent so the rules will be if the vortex is lit up come on in. If there is not light spiraling tunnel beckoning you to abandoned inhibition it means we're closed. We're tiny camp of mostly beautiful virgins right next to the magnificent Lick and Suck.

“LICK AND SUCK MY MONKEY”

Offering all of Pyropolis a reason to stop by:

The destruction of the world as we knew it; and these monkeys had built a goddamn bar. They are serving up drinks they referred to as, "Dysentery," "Botulism" and "Transfusion."

The camp by day is a survivor bar for the hard and tough that remains at the end of the world. By night it's a lush, down tempo, bright-happy place. Our slogan: "Namaste, MotherF*cker" with more motherf*cker in the day, more namaste at night.

The Mon(k)ey Shot Bar made especially for that thirsty survivor who craves cool liquid to moisten a dry throat. And our Simians know humans do not survive on hooch alone, so we also offer non-alcohol alternatives. Each Bartender will also host "HappyHourFavorites," during their shift (happy hour specials will be posted daily). The best part: our bar is always open - yep, 9 a.m. Thursday - 9 a.m. Monday.

Slim Shadies for the Sun-Soaked Our shade structures provide oasis from the hot Texas weather, with separate chill places and sun-blocking drapings from the base of our ball. Well, our ball like the dome atop Reunion tower -- our tower that provides a giant's eye view of the grassy playa from 20-feet high. Also in camp is our climate controlled Yurt, a place for peace and peace pipes. Playatech Loungers provide horizontal state of being, for those who want to lay and be laid...back. And our décor includes a giant mirrored disco skull and golden monkey chandeliers!

PromNightPhotoOp And drop by in your best attire for your Prom Picture in front of our "Flying Monkey Apocalyptic Backdrop," complete with smoldering buildings and flaming remains, all under the watchful eyes of winged monkeys. Bring your cameras, phones, other technical image-grabbing devices and enjoy. Don't forget your corsage & cummerbund!

Adult Games, Chimp-Style

- Your childhood favorite - TWISTER - is even better as a perspiring, slippery, hot adult. Touching. Reaching. Stretching. Ooohh... You can play from 4-6 p.m. on Thursday.
- "Veni Vidi Vici Vino" or our "I came I saw I conquered Wine" Class -Learn what the nose knows and why folks swish before swallow. Limited wine samples provided. Friday 5-6 p.m.
- F-U-E-G-O ! From one of our camp leads, "it's quite a bit like pinkle for your puckle and sack o' ass, except with more people and less sense making." Think combo ScavengerHunt & Bingo. From noon until 4 p.m. on Saturday
- Damn Dirty Apes Party: All humans invited for a gift meal from us Apes. But be forewarned - you just gotta "lick and suck." 4-6 p.m. Saturday, or until we start throwin' zombies on the grill. DJ set for music and body-performance-movement-art-dancing allowed. Costumes encouraged.
- "What is Art?" This roundtable, chill with a Tequila Sunrise, 'lax back to some quietness and just talk, or listen, or meditate, or trance, or...Sunday, bright-n-early 6:30-9:30 a.m.

"Lick and Suck my Monkey" is located at 102, Zone Five.

"ZOMBIE PICK-UP LINES"

I thought some folks could use on "prom night." Here ya go:

- ☹ "Is that a chunk of rotting flesh, or are you just happy to see me?"
- ☹ "Do you believe in love at first 'bite' or should I bite you again?"
- ☹ "I love you for your brain."
- ☹ "Do you have any zombie in you? Would you like some?"
- ☹ "How about you and me get it on like a couple of necrophiliacs?"
- ☹ "Hey sexy u wanna go chew on someone?!?!?"
- ☹ "Why don't we go back to my apartment and we can "Rot" together?"
- ☹ "If I told you that you had a great body, would you hold it against me...and let me eat it?"
